

## ***X-Bow Appliance***

The X-Bow appliance involves 3 appliances

1. The RPE - designed to expand or widen your upper arch (jaw).
2. LLHA – Holding stage
  - The lower lingual holding arch holds/maintains space on your lower jaw.
  - Your forsus appliance will be attached to this at a later appointment.
3. Forsus – The second Stage
  - Refer to forsus sheet.
