

## ***REMOVABLE RETAINERS***

- Please brush your retainer daily with your toothbrush and water or mouth wash (Do not use tooth paste as it will scratch and stain the retainer). Do not use hot water as it can melt and/or distort the shape of your retainer (the retainer will no longer fit properly).
- Take your retainer out for eating and brushing. Store your retainer in your case when you are not wearing it. Do **not wrap it in a napkin or tissue**, as that increases the likelihood that it will get thrown out.
- Store your retainers **out of reach of pets** (especially dogs!).
- If your retainer breaks, or doesn't seem to fit properly, please let us know. We will accommodate you as soon as possible. Thank you for your co-operation.

\*\*For **lost** retainers there will be a minimum charge of \$200\*\*
